## PAWS AND RELAX - THURSDAY MORNINGS AT DOWNTOWN CLINIC

MEET  
BUDDY

The Downtown Clinic has resumed its weekly dog therapy visits with Buddy. Buddy loves being petted – just a friendly reminder to sanitize your hands before and after your visit. **If you have concerns about our therapy dog, including allergies, please speak to one of our staff so we can accommodate your needs.**

It's well-known that pets have a paws-itive effect on the mental health of their owners and those around them. The simple act of petting and stroking a pet has been proven to help ease tensions and provide a calming effect that ultimately can improve our mental wellbeing.

## CELEBRATE 60 YEARS WITH US!

This summer, the Community Health Services (Saskatoon) Association (CHSA) celebrates 60 years of co-operative healthcare, led by members and centred on the needs of the people we serve.

Join us at the **Downtown Clinic on July 5, 6 and 7 from 1 p.m. and 4 p.m.** each day for celebratory activities and to chat with other members, board directors and staff as we celebrate our successes and look to the future.

Or stop by the **Westside Clinic from 3 p.m. to 5 p.m. on July 14** for our anniversary family barbecue.

Hope to see you there!
